

Sergio Stassi was born in Sciacca (Ag), on 13 March 1973. Since June 2022, he has been in charge of Rete Ferroviaria Italiana's Infrastructure Operations department of Milan.

On January 2025, he was appointed Extraordinary Government Commissioner within the following railway construction projects: Doubling works on the Ponte San Pietro - Bergamo - Montello route; Gallarate - Rho line; New Bergamo station - Orio al Serio Airport railway connection.

After graduating with honours in Civil Engineering from Palermo University, the Sicilian Manager held executive positions of increasing importance within Rete Ferroviaria Italiana during his career.

He began working for Rete Ferroviaria Italiana in 2003, at the Palermo Infrastructure Department, initially dealing mainly with design, works management and testing activities, and later taking on managerial positions of increasing responsibility.

In 2015, he was appointed Head of the Engineering and Technology Structure within Rete Ferroviaria Italiana's Reggio Calabria Production Department, and in 2018 he became Director of the Department.
